1	anonymous	Although I do not smoke, due to the health implications, I think we need this ban.
2	anonymous	Would love to see no-smoking at all in our building, its disgusting.

4	anonymous	I don't smoke and I request my tenants to keem my unit smoke free for my tenants, but don't think I should control what others do in their homes..
5	anonymous	Cigarette smoke can occasionally be smelled through the vents.
6	anonymous	Colorado Public Law Section 25-14-204 subsection 1 (dd) states smoking is not permitted by law in rooms or entryways. With the myriad of complaints and the availability of outdoors close by, it would seem reasonable to ban smoking inside the building. The HOA pushed hard to get in the preferred STR zone and it would be priority to protect that status by not having guests complain about smoke smell within the building.
7	anonymous	I'm fine with an owner in their unit who smokes but otherwise would recommend no smoking.
